Chief Investigator: Mr Toby Richards

Welcome to the first edition of the PREVENTT e-bulletin. We hope these will keep you better updated on progress of the trial and any other notices.

MHRA and Ethical Approval

We are glad to inform you that full ethical and MHRA approval has been awarded for the trial.

Centres

So far there has been interest from around 25 hospitals for this trial and we are in the process of contacting more.

Investigator Meeting

Organisation of the first PREVENTT investigator meeting has now begun. The date has been confirmed as **9th May 2013** and you should have been contacted about this recently. Please let us know if you are available or not on this date, if you have not already, we would like as many people there as possible to welcome the start of PREVENTT. If you have any queries about the meeting, please contact me.

Feasibility Questionnaire

If you have not already, you will soon be receiving a short questionnaire to fill in to give us a better idea of how the trial might run at your site. These questions are important and the sooner you get them back to us the better, and if possible by **17th December**. Many thanks to those of you who have already returned them.

Protocol

Copies of the protocol are available on request.

If you have any ideas or questions for future e-bulletins, please send them in.

Best wishes

Rebecca
