

Wellcome Trust - Bloomsbury Centre for Global Health Research
Policy Group Members - May 2015 C - Clinical / NC - Non Clinical

NAME	INSTITUTION	DEPARTMENT	TITLE	ROLE	RESEARCH INTERESTS
Abas, Melanie	IOP	Health Service and Population Research / International Mental Health	Reader in Global Mental Health	C	Epidemiology of depression and anxiety disorders in low-income countries
Araya, Ricardo	LSHTM	Epidemiology and Population Health / Department of Nutrition and Public Health Intervention Research	Professor of Global Mental Health	C	Behaviour change
Ayles, Helen	LSHTM	Infectious and Tropical Diseases / Department of Clinical Research	Reader in Infectious Diseases and International Health	C	Clinical trials, Complex interventions, Diagnostics, Health systems, Public health
Bailey, Robin	LSHTM	Infectious and Tropical Diseases / Department of Clinical Research	Professor of Tropical Medicine	C	Clinical epidemiology, Clinical trials, Immunology of trachoma, Infectious disease
Bicanic, Tihana	St. George's	Division of Clinical Sciences / Infection and Immunity	Honorary Consultant in Infectious Diseases	C	C neoformans pathogenesis, cryptococcal meningitis in HIV
Bottomley, Christian	LSHTM	Epidemiology and Population Health / Department of Infectious Disease Epidemiology	Lecturer of Medical Statistics and Epidemiology	NC	Statistics, Mathematical Modelling, Epidemiology
Brown, Mike	LSHTM	Infectious and Tropical Diseases / Department of Clinical Research	Senior Lecturer in Infectious Diseases & Tropical Medicine	C	Health services research, Helminths, HIV/AIDS, Infectious disease, Tuberculosis
Burton, Matthew	LSHTM	Infectious and Tropical Diseases / Department of Clinical Research	Reader in International Eye Health	C	Clinical trials, Eye diseases, Immunopathology, Infectious disease, Trachoma
Cooper, Philip	St. George's	Division of Clinical Sciences / Infection and Immunity	Professor of Epidemiology of Infectious Diseases	C	Helminth immunology, epidemiology, treatment, and control
Corbett, Liz	LSHTM	Infectious and Tropical Diseases / Department of Clinical Research	Professor of Tropical Epidemiology	C	Clinical trials, HIV/AIDS, Infectious disease, Public health, Tuberculosis
Costello, Anthony	UCL	UCL - Institute for Global Health	Professor of International Child Health	C	Maternal and newborn health, Community interventions, Nutritional supplementation.
Cowan, Frances	UCL	Centre for Sexual Health & HIV Research	Reader in Genitourinary Medicine	C	Epidemiology and control of STDs including HIV / Herpes simplex virus infection and its interaction with HIV
Dewey, Michael	IOP	Health Service and Population Research / Centre for Public Mental Health	Professor of Statistical Epidemiology	NC	Epidemiology of psychiatric disorders in old age
Dockrell, Hazel	LSHTM	Infectious and Tropical Diseases / Department of Immunology and Infection	Professor of Immunology	NC	Immunoepidemiology, Leprosy, T-cell immunology, Tuberculosis, Vaccines
Drobniowski, Francis	QMUL	Blizard Institute of Cell and Molecular Science / Immunology and Infectious Disease	Professor of Tuberculosis and Mycobacterial Diseases	C	Tuberculosis, Mycobacterial diseases, Respiratory infections and HIV
Edmunds, John	LSHTM	Epidemiology and Population Health / Department of Nutrition and Public Health Intervention Research	Professor	NC	Decision analysis, Economic evaluation, Immunisation, Infectious disease policy, Methodology, Modelling, Outbreaks, Vaccines
Elliott, Alison	LSHTM	Infectious and Tropical Diseases / Department of Clinical Research	Professor of Tropical Medicine	C	Helminths, HIV/AIDS, Immunoepidemiology, Malaria, Tuberculosis
Ferrand, Rashida	LSHTM	Infectious and Tropical Diseases / Department of Clinical Research	Senior Lecturer	C	HIV/AIDS, Infectious disease, Respiratory disease, Adolescent health, Child health, Clinical care, Evaluation, Primary care, Public health

NAME	INSTITUTION	DEPARTMENT	TITLE	ROLE	RESEARCH INTERESTS
Filteau, Suzanne	LSHTM	Epidemiology and Population Health / Department of Nutrition and Public Health Intervention Research	Professor of International Nutrition	NC	Interactions among nutrition, immunity and infection, in women and children
Fine, Paul	LSHTM	Epidemiology and Population Health / Department of Infectious Disease Epidemiology	Professor of Communicable Disease Epidemiology	NC	Infectious disease epidemiology, emphasis upon vaccines, mycobacterial diseases and family studies
Glynn, Judith	LSHTM	Epidemiology and Population Health / Department of Infectious Disease Epidemiology	Professor of Infectious Disease Epidemiology	C	HIV/AIDS, Sexually transmitted disease, Tuberculosis
Grant, Alison	LSHTM	Infectious and Tropical Diseases / Department of Clinical Research	Professor of International Health	C	Clinical care, HIV/AIDS, Infectious disease, Tuberculosis
Hanlon, Charlotte	IOP	Health Service and Population Research / International Mental Health	Clinical Senior Lecturer in Global Mental Health	C	Public health impact of maternal common mental disorders, Qualitative methods
Harrison, Thomas	St. George's	Division of Clinical Sciences / Centre for Infection and Immunity	Professor of Infectious Diseases and Medicine	C	Cryptococcal meningitis, Tuberculosis, Systemic fungal infections, Opportunistic infections in HIV
Hayes, Richard	LSHTM	Epidemiology and Population Health / Department of Infectious Disease Epidemiology	Professor of Epidemiology and International Health	NC	Clinical trials, HIV/AIDS, Infectious disease, Sexually transmitted disease, Tuberculosis
Kelly, Paul	QMUL	Blizard Institute of Cell and Molecular Science / Centre for Digestive Diseases	Professor of Tropical Gastroenterology	C	Epidemiology of intestinal infections / interaction between nutrition and immunology of the gut / clinical trials of antiparasitic chemotherapy
Klein, Nigel	UCL	Infection and Immunity / Infectious Diseases and Microbiology	Professor of Infectious Diseases and Microbiology	C	Paediatric infectious diseases, Microbiology, Immunology
Krishna, Sanjeev	St. George's	Division of Clinical Sciences / Infection and Immunity	Professor of Molecular Parasitology and Medicine	C	Molecular and clinical aspects of tropical and other infectious diseases
Lawn, Steve	LSHTM	Infectious and Tropical Diseases / Department of Clinical Research	Reader in Infectious Disease & Tropical Medicine	C	HIV/AIDS, Immunopathology, Infectious disease, Tuberculosis
Leather, Andy	IOP	Health Service and Population Research / International Mental Health	Honorary Senior Lecturer in Global Health	NC	Post-conflict health systems, impact of health links between the UK and low income countries, conflict and health, and global surgical issues
Lockwood, Diana	LSHTM	Infectious and Tropical Diseases / Department of Clinical Research	Professor of Tropical Medicine	C	Clinical trials, Immunopathology, Infectious disease, Leishmaniasis, Leprosy
Ma, Julian	St. George's	Division of Clinical Sciences / Infection and Immunity	Professor	NC	Recombinant protein pharmaceuticals, molecular pharming, plant biotechnology, mucosal immunology, antibody engineering
Mabey, David	LSHTM	Infectious and Tropical Diseases / Department of Clinical Research	Professor of Communicable Diseases	C	HIV/AIDS, Infectious disease, Sexual and reproductive health, Sexually transmitted disease
Maini, Mala	UCL	Division of Infection & Immunity / Faculty of Medical Sciences	Professor of Viral Immunology	C	Hepatitis-HIV co-infection, Hepatology, Immunoregulation in rheumatic disease, Molecular Virology of Human Hepatitis, Viral infections and innate immune responses
Mayaud, Philippe	LSHTM	Infectious and Tropical Diseases / Department of Clinical Research	Professor of Infectious Diseases & Reproductive Health	C	Clinical trials / epidemiology, Herpesviruses, HIV/AIDS, Sexual and reproductive health, Sexually transmitted disease
McCrone, Paul	IOP	Health Service and Population Research / Centre for the Economics of Mental and Physical Health	Professor of Health Economics	NC	Economic evaluation of mental health services, economics of forensic services

NAME	INSTITUTION	DEPARTMENT	TITLE	ROLE	RESEARCH INTERESTS
McKnight, Aine	QMUL	Blizard Institute of Cell and Molecular Science / Centre for Immunology and Infectious Disease	Professor of Viral Pathology	NC	Interface between HIV and the immune system with regard to humoral immunity and a novel innate immune mechanism.
Moore, David	LSHTM	Infectious and Tropical Diseases / Department of Clinical Research	Professor of Infectious Diseases and Tropical Medicine	C	Diagnostics, Health services research, Infectious disease, Tuberculosis
Noursadeghi, Mahdad	UCL	Division of Infection & Immunity / Faculty of Medical Sciences	Clinical Senior Lecturer	C	Experimental Medicine, Global Health, Infection Immunology & Inflammation
Osrin, David	UCL	UCL - Institute for Global Health	Professor of Global Health	C	Maternal and newborn health in low-income countries
Patel, Vikram	LSHTM	Epidemiology and Population Health / Department of Nutrition and Public Health Intervention Research	Professor of International Mental Health	C	Health inequalities, HIV/AIDS, Maternal health, Mental health, Sexual and reproductive health
Pearce, Neil	LSHTM	Epidemiology and Population Health / Department of Medical Statistics	Professor of Epidemiology and Biostatistics	NC	Environment, Health inequalities, Occupational health, Statistical methods
Prendergast, Andrew	QMUL	Blizard Institute of Cell and Molecular Science / Centre for Paediatrics	Clinical Senior Lecturer in Paediatric Infection and Immunity	C	Paediatric infectious diseases and immunology, clinical aspects of paediatric HIV infection
Prentice, Andrew	LSHTM	Epidemiology and Population Health / Department of Nutrition and Public Health Intervention Research	Professor of International Nutrition	NC	Child health, Genomics, Malnutrition, Micronutrients
Prince, Martin	IOP	Health Service and Population Research / International Mental Health	Professor of Epidemiological Psychiatry	C	Maternal mental health and child development, Migration and mental health, Aging and dementia, Scaling up mental health services in low or middle income countries
Riley, Eleanor	LSHTM	Infectious and Tropical Diseases / Department of Immunology and Infection	Professor of Immunology	NC	Immunoepidemiology, Infectious disease, Innate immunity, Malaria, Vaccines
Sadiq, Tariq	St. George's	Division of Clinical Sciences / Infection and Immunity	Reader & Hon. Consultant HIV/Sexual Health	C	Sexually transmitted infections / Diagnostics
Sanderson, Ian	QMUL	Blizard Institute of Cell and Molecular Science / Centre for Digestive Diseases	Professor of Paediatric Gastroenterology	C	Immunology, Molecular biology, Diseases of intestine in children
Scott, Anthony	LSHTM	Epidemiology and Population Health / Department of Infectious Disease Epidemiology	Professor of Vaccine Epidemiology	C	Child health, Clinical databases, Diagnostics, Economic evaluation, Global Health, Immunisation, Impact evaluation, Surveillance, Vaccines
Staedke, Sarah	LSHTM	Infectious and Tropical Diseases / Department of Clinical Research	Senior Lecturer	C	Clinical trials, Drug resistance, Infectious disease, Malaria, Surveillance
Wade, Angie	UCL	ICH - Paediatric Epidemiology Unit	Senior Lecturer in Biostatistics	NC	Epidemiology and Public Health, Respiratory function, Obstetrics and paediatrics
Watson-Jones, Debby	LSHTM	Infectious and Tropical Diseases / Department of Clinical Research	Reader in Clinical Epidemiology & International Health	C	Herpesviruses, HIV/AIDS, Sexual and reproductive health, Sexually transmitted disease, Vaccines
Weiss, Helen	LSHTM	Epidemiology and Population Health / Department of Infectious Disease Epidemiology	Professor of Epidemiology	NC	Alcohol, Clinical trials, Complex interventions, Sexual health, Statistical methods, Systematic reviews
Whitworth, Jimmy	LSHTM	Epidemiology and Population Health / Department of Infectious Disease Epidemiology	Professor	C	Ebola, HIV, Infectious disease epidemics, Vaccines, Public Health, Epidemiology

NAME	INSTITUTION	DEPARTMENT	TITLE	ROLE	RESEARCH INTERESTS
Whitty, Chris	LSHTM	Infectious and Tropical Diseases / Department of Clinical Research	Professor of International Health	C	Clinical care, Complex interventions, Health policy, Infectious disease, Malaria
Wren, Brendan	LSHTM	Infectious and Tropical Diseases / Department of Pathogen Molecular Biology	Professor of Microbial Pathogenesis	NC	Bacteria, Diarrhoeal diseases, Infectious disease, Vaccines
