Chief Investigator: Mr Toby Richards

Welcome to the third edition of the PREVENTT e-bulletin. We hope these will keep you better updated on progress of the trial and any other notices.

PREVENTT Coordinating Centre

With the start date of the trial coming ever closer, we are very much looking forward to working with you all and we hope you are looking forward to working with us too. We would like to introduce you to our PREVENTT team here at the London School of Hygiene and Tropical Medicine:

- Tim Clayton – Co-investigator
- Rosey Knight – Senior Trial Manager
- Steven Robertson – Senior Data Manager
- Laura Van Dyck – Trial Manager
- Tim Collier – Trial Statistician
- Rebecca Matthews – Trial Assistant

Starting May 2013

- Rebecca Swinson - Assistant Trial Manager

You will probably have contact with most of us over the course of the trial and we all look forward to meeting you at the Investigator Meeting. If you have any questions, feel free to contact any of us through the PREVENTT email address: preventt@lshtm.ac.uk

Investigator Meeting

There are still a few people who have not yet sent back their reply slip for the investigator meeting. We urge you to send back your reply, even if you cannot make it. The confirmed number of guests is now at 53 and we are hoping to have more.

Trial Website

We are in the middle of developing the PREVENTT trial website and we hope to have it up and running very soon. This website will contain all sorts of important information, FAQs and useful links but if there is anything in particular that you think would be useful to have on the trial website, please let us know.

Protocol

Copies of the protocol are available on request.

If you have any ideas or questions for future e-bulletins, please send them in.

Best wishes

Rebecca
